

Make Communications Simple, With An Easy To Use

# WIRELESS INTERCOM SYSTEM

from

ROYAL VIDEO & COMMUNICATION SYSTEMS

- Direct extension dialing for quick and private conversations.
- Intrinsically safe cordless phones allow users to place/receive calls, and make PA loudspeaker announcements from anywhere on the rig site.
- Phones and PA loudspeakers available for indoor, outdoor and Class 1 Div 2 areas.
- Expandable from a simple 2-station system to a 20-station system, and anywhere in between.
- No cables across drill site from the company man/tool pusher offices to the drill package, saving you time and money on rig moves.
- Digitally encrypted signal for secure communications.
- High quality audio connections.
- System can be integrated into your land line allowing you to access telephone service from selected phones.
